Welcome Message

It is with great pleasure that I welcome you to the Plastic Surgery Department Conference at El-Sahel Teaching Hospital, focusing this year on a topic of both sensitivity and significance: Genital Problems – The Job of Plastic Surgeons.

This scientific gathering brings together leaders in the field of plastic and reconstructive surgery, uniting expertise from across Egypt and beyond. Our goal is to shed light on complex genital conditions and highlight the pivotal role of plastic surgeons in offering effective, compassionate solutions.

Through collaboration with the Egyptian Society of Plastic & Reconstructive Surgeons and the Egyptian Board of Plastic Surgery and Burns, this event promises to be a platform for knowledge exchange, innovation, and professional growth.

We are honored by your participation and look forward to fruitful discussions and meaningful connections.
